COMMITTEE NAMED BY REPUBLICANS

Men Appointed to Confer With
Bull Moosers Relative to the
Coming City Campaign—En-
thusiastic Meeting Held.

The republicans of Mishawaka met Tuesday evening and considered matters relative to the coming city campaign. A committee was appointed at the meeting to confer with the committee recently appointed by the progressives to get together on a combination ticket. The appointment of the committee constituted the chief business transacted at the meeting.

The following men were appointed on the committee by Chairman J. Alvin Scott: Hon. E. A. Jernegan, H. H. Hunt, George Putter, C. E. Bradley, E. J. W. Fink, Ralph Smith, J. Alvin Scott, Daniel Day, George Sandilands and Millard Kerr.

Chairman Scott appointed the committee following the motion made by H. H. Hunt which was as follows: "I move the chairman appoint a committee of equal numbers of that of the progressive party to meet and confer with them especially, and with citizens generally, relative to the promotion of the election of a combination ticket." E. J. Fink seconded the motion.

Following the appointment of the committee several representative members of the party were called upon for an expression of their views on the coming campaign. Among those who responded there were Millard Kerr, Councilman George Shobe, E. J. W. Fink, Ralph Smith, J. Alvin Scott and George Sandilands.

About 50 were present at the meeting which was called to order shortly after 8 o'clock. The meeting was held in the room formerly occupied by the Boston lunch room.

No date has as yet been set for the combined meeting of the two committees but it will probably be held at an early date. This meeting is expected to set the date for a caucus at which the candidates will be chosen for the various city positions.

STREET COMMISSIONER TESTS STREET FLUSHER

The new street flusher which was turned over to the city here by the Studebaker corporation of South Bend, to be used and tested on the pavements, was put to test on W. Second st. and W. Third st. Tuesday morning for the first time. The flusher will probably stay in the city some time, although Street Commissioner Mulinch thinks that the sewers are not in condition for such a flusher as they are not built and constructed for such a heavy pressure of water.

The flusher is a great yellow wagon built something on the order of a huge sprinker and many people about the streets Tuesday were curious to know what it was. The wagon has a capacity of 600 gallons of water and weighs, when filled, over five tons and a half. The pressure is secured from a horse power gasoline engine. The pressure used Tuesday was about 40 pounds. The wagon, with one fill, will flush about two blocks of pavement.

HIGHWAY PAVEMENT SITUATION
Realizing that the status of affairs relative to the paving of Bremen, or Union st. highway, would be interesting to the people of Mishawaka, I want to say through the press that the situation is simply this:

During the past year or year and a half the attorney and myself, with the assistance now and then of others, have battled against the improvement of this road, thus far without success except delaying the putting in of this piece of road, which, of course of itself is beneficial to the taxpayers of Mishawaka. However, all things must end in time, which will be acted upon when the right time comes. At present, in spite of the protest made to the commissioners, bids are being advertised for the paving of the road according to the specifications, which call for a cement road, the cost per mile will be approximately \$14,000 or \$15,000, making a grand total for the four and a quarter miles of this Union street highway about \$55,000, of which as said heretofore many times, the taxpayers of Mishawaka will have to pay five-sevenths, or in other words, something like \$40,000. Everything is being done that can be done by the attorney in the case and the undersigned to avoid this burden to the taxpayers. However, in view of the law as it stands, and the fact that nothing has been done in the last legislature by our representatives to change the law, it is more than likely that the road will be put in and the people of Mishawaka will have to pay the larger portion of the cost.

J. J. Engledrum.

**LOCAL PHYSICIAN

OWEN DOES NOT FAVOR PRESENT CURRENCY BILL

Measure is Liable to Have Some
Hard Sledding Before It
Passes—Several Changes
May be Made.

WASHINGTON, Aug. 19.—Unexpected developments in regard to currency reform legislation in the senate Tuesday promised serious complications for Pres. Wilson's plans for the passage of a currency bill at this session of congress. At a conference of democratic members of the senate currency committee, Chairman Owen, who has been considered one of the original framers of the bill now before the democrats of the house, made it clear to his associates, that he was opposed to several features of the bill, including the plan for 12 regional reserve banks, and that he would recommend important changes in the measure.

The results of the senate conference have been to leave the currency situation entirely open Tuesday night so far as the senate's probable action is concerned. Sen. Owen did not suggest a definite plan to his colleagues; but said he was opposed to the regional reserve bank plan; to the proposal to compel all National banks to enter the new federal system; and to other features of the bill as introduced by Chairman Glass of the house currency committee.

The attitude of other democrats on the senate committee, including Senators Hitchcock, O'Gorman and Reed, is such as to indicate that there will be material changes in the administration measure, if not a complete remodeling of it, before it comes before the senate for action.

Several members of the committee Tuesday night inclined to the opinion that the senate might ultimately be asked to consider some measure of a temporary character, similar to the bill recently introduced by Sen. Lodge, democrat, which would amplify the Aldrich-Vreeland emergency currency law, and so change its provision as to bring a form of special currency into the reach of all National banks.

Sen. Owen Tuesday night said he believed the conference to be held at the senate, and the changes that might be made in the currency reform plan, would mean definite action upon currency legislation at the present congress. Other senators said if a law were passed it probably would be of a temporary character.

**INDIANA GIRL
AMONG MISSING**

Thirty-seven Passengers of the
State of California Taken to
Seattle—Seven Still in the
Hospital.

JUNEAU, Alaska, Aug. 19.—Thirty-seven surviving passengers of the steamship State of California sailed for Seattle on the steamship North-western Tuesday, leaving seven passengers in a hospital unable to travel. On the Northwestern also went ten bodies of passengers. Three of the dead were unidentified. The coffins will be opened at Seattle, and it is hoped that identification will be made there.

At the surviving officers and other members of the crew appeared before Marine Inspectors Whitney and Kell and gave testimony, which was taken down in shorthand. They were ordered to report to the marine inspectors upon arrival at Seattle.

Captain Cann of the wrecked steamer left for the scene of the disaster Tuesday to make soundings to ascertain if the mail and the purser's safe can be recovered. The mail was in the hold of the steamer. If it had been above it would have been carried aloft with wreckage of the upper works.

Among the missing passengers supposed to be dead are: Minnette Harlan, whose family is in Indiana and J. H. Holman of Cornwall, England.

IMPROVEMENTS MADE ON THE VALLEY LINE

Big Business Causes Company to Spend About \$30,000 for New Additions.

ELKHART, Ind., Aug. 19.—A constantly increasing business is causing an outlay of nearly \$30,000 for improvements along the valley line, according to H. E. Bucklen, principal owner, who announced Tuesday morning that many of them are already under way.

Contractor John C. Yost was given six days in which to erect a single-story extension, 25 by 35 feet, to the company's local freight depot. The agreement exempted the foundation, which was completed Saturday. Other freight houses are in course of construction at Berlin and Iversess.

Three stock yards are to be built before the snow flies at points not yet determined. The Edison storage battery car has been put in regular service and makes two round trips to Lagrange daily. The morning run leaves Elkhart at 8:30 and the afternoon at 3:30. Mr. Bucklen declares that he is much pleased with the showing the car has made.

CHARGE WOMAN GUEST WITH THEFT OF \$93

Mrs. Albert Weyrick, a Visitor at Mrs. Lucy Deitz' Home, Is Arrested.

ELKHART, Ind., Aug. 19.—While in the business district Tuesday, Mrs. Albert Weyrick of No. 517 James st. was arrested on a charge of having stolen \$93 from the home of Mrs. Lucy Deitz last January. Mrs. Weyrick has been under suspicion for several months but until recently circumstances did not warrant her arrest.

At the time of the robbery, Mrs. Weyrick was a visitor at the Deitz home, but in her report to the police Mrs. Deitz did not refer to the Weyrick woman in any manner regarding her as above suspicion.

Mrs. Deitz says the money was kept in the same receptacle with a number of diamonds but that these were not molested. Mrs. Weyrick, who is 25 years old, is the wife of a foundryman and has always borne a good reputation.

WOMAN ASKS DIVORCE.
Mrs. Elizabeth Snyder filed suit in the circuit court Tuesday for divorce from Charles Snyder, alleging failure to provide, habitual intoxication and cruelty. The parties, who are residents of Goshen, were married March 23, 1891, and separated June 23, 1913. The plaintiff asks for the possession of two minor children.

SHOT IN WRIST.
Fred Miller, the 16 year old lad who was taken to the Epworth hospital after having accidentally shot himself through the wrist, while cleaning a .32 caliber revolver, is doing nicely, and expects to be able to return to his home Wednesday.
